

**2016 Immunology day  
FNRS-Immunology Doctoral School**

**May 27th 2016  
Point Centre, Biopark, Gosselies**

**«Lymphocytes development and homeostasis »**

8: 30 - 9: 00: Registration

9: 00 - 9: 10: Welcome by Dr Souad Rahmouni, spokesperson of the Immunology doctoral school

*Chairs:* Drs Laure Dumoutier (UCL/The Duve) and Christophe Desmet (ULg)

9: 10 - 10: 00: James Di Santo (Institut Pasteur, Paris): "*Innate Lymphoid Cells: A novel family of immune effectors*"

10: 00 - 10: 15: short talk from abstracts

10: 15 - 10: 30: short talk from abstracts

10: 30 - 10: 45: short talk from abstracts

10: 45 - 11: 00: Coffee break

11: 00 - 11: 45: Stanislas Goriely (ULB, Brussels) "*Understanding unconventional memory CD8 T cells formation*"

11: 45 - 12 :00: Platinum sponsor short talk

12 :00 - 12: 15: short talk from abstracts

12: 15 - 12: 30: short talk from abstracts

12: 30 - 14: 00: Lunch and poster viewing

*Chairs:* Profs Vincent Geenen (ULg) and Michel Braun (ULB)

14: 00 - 14: 45: Graham Anderson (University of Birmingham, Birmingham) : "*Control of Self-Tolerant T-cell Development By Thymus Microenvironments*"

14: 45 - 15: 00: short talk from abstracts

15: 00 - 15: 15: Platinum Sponsor short talk

15: 15-16 :00: Pierre Coulie (UCL & The Duve Institute, Brussels): "Leading T cells to prevent or cure cancer"

16: 00 - 16: 15 short talk from abstracts

16: 15 - 16: 30 short talk from abstracts

16: 30 - 16: 45 short talk from abstracts

16: 45 - 17: 00 – Best poster award

17: 00 end of the meeting
